

Further to your above application for prior consent under section 61 of the Control of Pollution Act 1974 regarding the works at structure 34 between 19th August and potentially 1st September 2014 I would confirm that this department has no objections, however it should be noted that :

- The Executive Head of Community Safety may from time to time following an application in writing from the applicant or otherwise, waive, amend, or vary the terms of this Consent. Any variation so permitted shall not be a breach of this Consent.
- This Consent:-
 - a) Does not of itself constitute any ground of defence against any proceedings instituted under Section 82 of the Environmental Protection Act 1990.
 - b) Is granted solely on the basis of the information given in your application together with any additional information provided by you in writing.
- You have a duty to bring this Consent to the notice of anyone carrying out work on site or delivering to the site in connection with the Works.

If you have any queries concerning the above then please do not hesitate to contact me.

Best regards,

Chris
